Sides Face Grand Square

No one know 'bout the things that I've been through with you

There were times I'd drive you nearly mental

But when you're mad, you're still beautiful

Allemande Left & Weave the Ring

And I know that I'm punching way above

Swing & Promenade her home

Sometimes I wonder am I enough?

You know my lips are all I can hold against you

This is all that I'll ever need, you and I
